

# Oh Honey

by Janie Meneely (ca. 2006)

## CHORUS:

Oh Honey, come on down,  
Come on down below  
Dark wind done and sky come clean  
Gonna rest your weary bones

Dark wind come, sweep cross the water  
Come on down below  
Push up waves like nothing other  
Come on down below  
Spirit moving fierce and slow  
Tear the tree right off the shore  
Oh honey, come on down  
Rest your weary bones

## CHORUS

Dark wind come like lightning's brother  
Come on down below  
Shoulder wrapped in crystal thunder  
Come on down below  
Smacking hard across the waves  
Wicked and the wise the same  
Oh honey, come on down  
Rest your weary bones

## CHORUS

Rain come driving down like iron  
Come on down below  
Nailing down the Devil's coffin  
Come on down below  
Wash our captain overboard  
Lamb in the water no place to go  
Oh honey, come on down  
Rest your weary bones

## CHORUS
